Sat, 06/06/2009 - 09:18 — Chris
New focuses are added or managed via the Outlook Task Object

1. Create or edit a task
2. Select the Focus button in the ribbon
3. Select 'New Focus…' or 'All Focuses…'
4. If you select 'All Focuses…' the dialog in Figure 1 appears
5. Use the New or Modify buttons to create or edit your Focuses
