

Update organizer

Tue, 05/22/2012 - 23:46 — hmenning
Hi,

I like using the organizer. Very nice software, which helps me to get more effective.

Anyway, for me an improvement to the software would be the way, i can get update's.

Right now, i more or lease on random download a new trail version of the software and install it. Most of the times this means i updated the software.

I believe an update button in the software would be very helpfull or is there an other way to get updates.

Regards,

Hugo
