FocusMe add-in has stopped loading

  Mon, 02/16/2015 - 07:42 — abates

the FocusMe add-in has stopped loading and is showing as a Disabled Application Add-in, with the message:

Compatibility: Add-in was disabled by the user after a Data Execution Preventation failure

Tried re-enabling it but it won't and uninstalling and reinstalling FocusMe.

Thanks
Andy
